

Adhesive Floor Mat Underlay Pads, 090

Product Images

Short Description

- Rubberized mesh pad adheres to floor and underside of vinyl backed carpet mat
- Does not leave behind any residue and will not stain carpeting or floors
- Recommend that mesh pad is cut 6 inches narrower than mat on all 4 sides

Description

Mat Hold is a mesh non slip adhesive pad used to eliminate mat movement by gently adhering a mat to the floor. Typically used on smooth surface flooring, Mat Hold can also be used on carpeting. The light adhesive is re-positionable and will not leave behind any residue or stain the underlying floor or carpet.
